

Yoga Veda Institute

Anatomy and Physiology Course Requirements

All students who wish to sit the national exam for Ayurvedic Health Counselor, Ayurvedic Practitioner or Ayurvedic Yoga Therapy must complete the Anatomy & Physiology Course requirements.

To receive an advanced certification from the Yoga Veda Institute (YVI), all students must complete a minimum of 6 credits (2 college semesters) of college-level Anatomy & Physiology (A&P). You have up to 1 year after graduation to complete the A&P requirement. YVI will hold your certification until the A&P is complete.

You must achieve a minimum of 80% (B-) or higher in A&P.

The following online courses have been approved by Yoga Veda Institute Admissions to satisfy the A&P requirement for the Ayurvedic Health Counselor Certification.

Straighterline

BIO201: Anatomy & Physiology I	Credits: 3.00
BIO202: Anatomy & Physiology II	Credits: 3.00
www.straighterline.com	

University of Phoenix Online

NSCI280: Anatomy & Physiology I	Credits: 4.00
NSCI281: Anatomy & Physiology II	Credits: 4.00
www.phoenix.edu	

CalCampus

SH330: Anatomy & Physiology I	Credits: 4.00
SH331: Anatomy & Physiology II	Credits: 4.00
www.calcampus.edu	

NOTE: If applicant wishes to complete the A&P requirement through an alternate online program or in person at a local university, it must be approved by the YVI Admissions. Please forward all course information, including syllabus, course credit information and course website to the YVI Academic Coordinator hello@yogavedainstitute.com

Students who have taken A&P more than 10 years ago are encouraged to take a refresher course. These courses do not need to be taken for additional college credit.
