

## Yoga Veda Institute

### Anatomy & Physiology Course Requirements

**All students who wish to sit the national exam for Ayurvedic Health Counselor, Ayurvedic Practitioner or Ayurvedic Yoga Therapy must complete the Anatomy & Physiology Course requirements.**

To receive an advanced certification from the Yoga Veda Institute (YVI), all students must complete a minimum of 6 credits (2 college semesters) of college-level Anatomy & Physiology (A&P). You have up to 1 year after graduation to complete the A&P requirement. YVI will hold your certification until the A&P is complete.

***You must achieve a minimum of 70% (C-) or higher in A&P.***

---

The following online courses have been approved by Yoga Veda Institute Admissions to satisfy the A&P requirement for the Ayurvedic Health Counselor Certification.

#### International Integrative

[Anatomy & Physiology Program](#)

#### Straighterline

[Anatomy & Physiology I](#)

[Anatomy & Physiology II](#)

NOTE: If applicant wishes to complete the A&P requirement through an alternate online program or in person at a local university, it must be approved by the YVI Admissions. Please forward all course information, including syllabus, course credit information and course website to the YVI Academic Coordinator [hello@yogavedainstitute.com](mailto:hello@yogavedainstitute.com)

---

Students who have taken A&P more than 10 years ago are encouraged to take a refresher course. These courses do not need to be taken for additional college credit.
